

Harsh Vardhan Soni

FRONTEND DEVELOPER | REACT.JS • WORDPRESS

+91 78785 14019 | Harshvardhansoni214@gmail.com | Sirsi Road, Jaipur, Rajasthan | github.com/harshvardhan214 | [Portfolio](#)

PROFESSIONAL SUMMARY

Frontend developer with hands-on experience building responsive interfaces in React.js and delivering production WordPress/WooCommerce sites for business clients. Comfortable across the stack from REST API integration to page-speed and SEO optimization. MCA graduate looking to grow into a full-time Software Developer role where I can keep shipping fast, user-friendly web applications.

SKILLS

Languages: JavaScript (ES6+), C++

Frontend: React.js, HTML5, CSS3, Responsive Web Design, REST API Integration

WordPress: WordPress CMS, Elementor, WooCommerce, Contact Form 7, Theme Customization, Plugin Configuration

Shopify: Shopify Store Setup, Theme Customization, Product & Collection Management

Performance & SEO: Website Speed Optimization, Caching, Image Optimization, Basic SEO

Tools: Git, GitHub

WORK EXPERIENCE

WordPress Developer

May 2026 – Present

BizzBooster Pvt. Ltd. — Jaipur

- Design and build responsive WordPress websites in Elementor, translating business requirements into custom page layouts.
- Configure and maintain WooCommerce stores, including product catalogs and checkout pages.
- Integrate and customize Contact Form 7 with automated email templates for lead capture.
- Improve site speed through caching and image optimization plugins, and apply on-page SEO best practices.
- Manage plugins, themes, and ongoing maintenance across multiple live client sites, including deployment and updates.
- Set up and customize Shopify stores, including theme configuration and product/collection management, alongside WordPress projects.

Frontend Developer Intern

Feb 2026 – Apr 2026 (3 months)

Software Logic Pvt. Ltd. — Jaipur

- Built responsive user interfaces with React.js, HTML, CSS, and JavaScript for client-facing applications.
- Developed reusable React components to support scalable, maintainable front-end architecture.
- Integrated REST APIs into the frontend and worked directly with backend developers to resolve data and integration issues.
- Improved page responsiveness and load performance across target devices.

PROJECTS

AIIRY — Fashion E-commerce Website — aiiry.netlify.app/

Tech: HTML, CSS, JavaScript, React.js

- Built a responsive fashion e-commerce prototype with interactive product cards, navigation menus, and image galleries.
- Implemented Home, Men's, Women's, Sale, and New Arrivals sections with a consistent experience across desktop and mobile.

Krish — Food & Grocery Ordering Platform

Tech: React.js

- Developed a responsive grocery shopping platform with reusable React components.
- Implemented dynamic product filtering, category browsing, and shopping cart functionality, optimized for mobile.

Noble Jersey — E-commerce Website — noblejersey.com/

- Delivered a live e-commerce storefront for a jersey/apparel brand.

BizzBooster Course Platform — course.bizzbooster.in/

- Built and maintain the course platform used to sell and deliver BizzBooster's training content.

RetroWave — E-commerce Website — retrowave.co.in/

- Delivered a live e-commerce storefront with a retro-themed shopping experience.
